

Sweet baby Star

36" X 36"

Super Easy Baby Quilt!

You will need the following:

- 4 different pink (or blue) fat quarters
- $\frac{3}{4}$ yard of cream for background
- 1 yard for inner border (we used green)
- 1 $\frac{3}{4}$ yard of floral for border
- 1 $\frac{3}{4}$ yard for backing
- 160" bias for binding

Label each one of your 4 fabrics # 1-4

The yellow rose is #1, pink small floral is #2, pink large floral is #3 and the pink tone on tone floral is #4.

Cut four 6 $\frac{1}{2}$ " squares from your cream floral

To make your half square triangles we recommend using the Thangles. You will need the 6" size and follow the directions inside the packet for half square triangles.

If you do not want to use Thangles then cut a 6 $\frac{7}{8}$ " squares and cut into two. Then sew the two triangles of the appropriate colors together corner to corner. You will need to cut the following:

Two squares of each of your four colors and four squares of your cream.

You will need to make the following combinations of half square triangles.

Two of #1 fabric with the cream floral.

Two the #1 fabric with the #2 fabric.

Two of the #2 fabric with the cream floral.

Two of the #3 fabric with the cream floral.

Two of the #3 fabric with the #4 fabric.

Two of the #4 fabric with the cream floral.

Piece all of your half square triangles and squares together as shown in the picture below.

Add Borders:

The inner border is 2 $\frac{1}{2}$ " wide and 2" finished. The Outer border is 4 $\frac{1}{2}$ " cut and 4" finished. To determine the length of each border measure your quilt center before the borders are added across the center of the quilt. Do this each time you add a new pair of borders to determine each of the lengths.

Now you can quilt and bind!
